PROJECT – III

INTRANET – EXAMINATION SYSTEM

About the Project:

This project is used to conduct various objective type examinations for our students to improve the online examination skills.

Advantage of this Project:

- Used to conduct objective type examinations.
- The system provides practice to the students to crack online competitive examinations.
- Admin can have full rights to access the system.
- Students have only limited rights.
- Admin have the following facility.
    - Create Test
    - Manage Test
    - Manage Subjects
    - Post Questions and Schedule the test
    - Edit/Delete all the details
    - View Results
    - Generate Reports
- Students can able to register and write the test.
- Students able to get the results.
- Possibility to check the correct answer after completing the test.
- Easy Maintenance.
- No Paper Work.
- Report Generation Facility
